Solid Waste Feasibility Study

Community Consultation Event

What are we doing?

- Dillon Consulting was retained to complete a Solid Waste Feasibility Study to address waste management needs and outline next steps.
- Waste management options will be discussed to meet the needs of the community over the next 30 years.

Dear Community Member,

We invite you to join us in shaping the future of our waste management system. Your voice matters!

ALEXIS NAKOTA
SIOUX NATION

Community Consultation Event

This event will include:

- Gathering information and insight into the wants and needs of a waste management system;
- Discussing waste-related concerns and priorities; and
- Identifying any impacts to cultural and spiritual areas as a result of this project.

What is solid waste?

Solid waste refers to any unwanted or discarded material that is solid, such as everyday trash, food scraps, and discarded items from homes, schools, and businesses.
